

# Pluto and Comets

---

I hope that you all had managed to have some sort of break over the Christmas period, I know that it was a very different Christmas break for me. I know that many of you will have concerns and anxieties over the term ahead but I want you to know that we are here to support you in whatever way we can. Please do not hesitate to email or telephone if there is anything that we may be able to help with.

This half term is going to be a very different one for everyone, whether your children are in school or learning from home.

This half term our topic will be 'Space'. Each week will be focused around a different 'Space' story. We will be learning about the role of an astronaut, the names of all of the planets and facts about them. We will also be creating our own rockets and aliens. To find out more about our topic and what we will be learning, head over to the school website where you will find our 'Autumn 2 Medium Term Plan'.

## Goole Classrooms

Please make sure that you are signed up to Google Classrooms as all home learning will be uploaded on there.

## **Mrs Eaton and the Early Years Team**

---

Please can we remind all parents to drop off and collect their children as quickly as possible to avoid congestion.

---

---

## Weekly Events

### **Fridays**

We will continue to hold our virtual Star of the week assembly at 9am on Fridays.

### **PE**

Children in school will continue to have PE on a weekly basis. More information will follow.

### **Donations**

If you are still attending school we would greatly welcome some household recycling materials, particularly kitchen roll tubes (please no toilet roll tubes) other items could include, yoghurt pots, boxes, plastic bottles etc. Please make sure they are clean. These items will be quarantined before they are used by children.

---

### **Please Note**

If you have any worries or concerns, please speak to myself or another member of staff.
