

# Mars Class

---

Our overarching theme is HUMANKIND. This will be explored in our Geography, Religious Education, Art, Drama and Science!

---

## Weekly Events

### Tuesdays

PE –please bring your PE kit.

**Please do ensure your child has a water bottle in school every day.**

These will always be kept on their tables.

Please label school jumpers clearly if you would like to see them again!

**We have had a wonderful and very busy few days settling into our new classroom (for some of us!) and our new class structure.**

**Children have been exploring 'Oozing Oobleck' to help them to consider the properties of solids and liquids as well as testing the solubility of a variety of substances. Do ask them all about it!**

**In English we have started to familiarize ourselves with the text 'Where my wellies take me' written by Clare and Michael Morpurgo. We shall be venturing out into Southwold ourselves to collect material for our own versions of a recount like this.**

**Those in year six are getting to grips with numbers to ten million as part of our place value work and those in year five have been rounding numbers up to a thousand to the nearest ten or hundred.**

**Children have explored the idea of sculpture in drama work with Mrs Powell and this will inform the planning and creation of clay sculptures in Art.**

**We are incredibly lucky to have so many lovely adults supporting in a variety of ways this year and I'm sure that everybody will reap the benefits.**

**Thank you so much for your continued support.**

Ms Cashell
