

# Astronauts Class

Dear Parents and Carers,

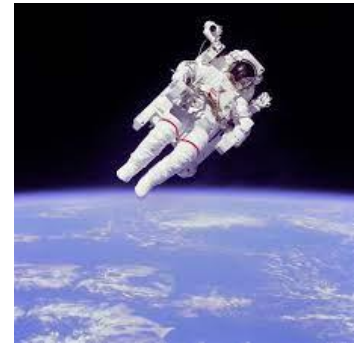

Firstly I would like to send out a greeting to everyone, I am looking forward to the term ahead, getting to know everyone and being part of the Early Years team.

This term we will be focusing on being 'Independent Thinkers' as part of the whole school focus. During our topic this term of 'Planet Earth' we will explore the seasons and weather changing around us. We will look at the differences in the environment and talk about these changes.

In Maths we will be exploring counting and comparing numbers, this will be done through fun activities and songs. Our classroom environment will give us the opportunity to explore these new skills independently.

Kind Regards

Mrs Conroy and Early Years Team
