

Jupiter Class

Dear Jupiter Parents and Carers,

We hope you all had a wonderful Christmas and will have a healthy and happy New Year. This term Jupiter class will be taught by Mrs Last on Monday and Tuesday and Mrs Taylor for the remainder of the week as last term.

This term our topic is inventions; within this we will be asking such questions as –What have we learnt from the events of 1666? And in science; Why is a piece of wire made up of two different materials?

Our main texts for English will be Inventions, The Great Fire of London and The Boy Who Harnessed the wind; all are topical and exciting for the Jupiter children.

Physical Education has moved to a Tuesday afternoon and the children will travel to Yoxford for swimming lessons. We are very fortunate that the pool is available to them.

Very best wishes from

Mrs Taylor and Mrs Last

Weekly Events

Daily

Please bring a drink every day. Small bags may now be brought to school with reading books.

Tuesdays

PE – Swimming at Yoxford

Fridays

Star of the week assembly.

Why is a piece of wire made up of two materials?

Important Announcements

If you have any worries or concerns, please communicate these via the office email or speak to myself or another member of staff.
