

Mars Class

Dear Parents and Carers,

It was so lovely this week to welcome all of the children back into school and hear about your exciting summer adventures. In English this term we will be using the books *My secret war diary* and *Carrie's war* to explore what life was like for children during the Second World war

In Maths we will be exploring place value and the four number operations.

This term we will be building on our topic of Empire and looking at the ideas surrounding Conflict

This will include some questions like How can I make a difference? Does slavery still impact society? How is gravity different on the moon? Should we all be equal? And What will Banksy do next?

Mars Class will be swimming at the school pool at Yoxford and Peasenhall this half term on **Tuesday afternoons starting on 13 September.**

The class will be swimming weekly so please make sure they have their swimming kits in school. Their swimming kit should be a one-piece swimming costume (no bikinis or tankinis), towel, goggles and a swimming hat.

Any questions, please feel free to contact me or speak to me at drop off/pick up.

Kind Regards

Mrs Youngman, Miss Hooper and Mr Arlow.
